

TRASH WALKS WITH NOT LADYLIKE COMMUNITY

ENVIRONMENT

MONDAY, APRIL 22 SCHEDULE

6:00pm - announcements and introductions

6:05 to 7:00 - you choose your own path and pace to pick up garbage, coming together with other walkers and moving apart as you choose

7:05pm - you end our trash picking at a second location (a local casual place that serves food/drinks) to warm up and chat OR you can end your evening here, *your choice*.

PERFECT FOR INTROVERTS

You can wander off on your own to avoid the small talk, you get to practice introducing yourself to a small group, and there is always an easy topic to default to - the garbage! It's a win-win-win for the socially anxious!

**THERE IS NO FORMAL PROGRAMMING
AND NO EXPECTATION FOR
CONVERSATIONS.**

COME PREPARED

Please dress to be outside for one hour, whatever the weather, and bring the mobility aids that will make you most comfortable.

SHARED SUPPLIES

We provide large black garbage bags and small bags for bottle depot items. We share our 2 grabbers and sharps container.

ACCESSIBILITY

Our location has easy bus access, free parking and a combo of hard and soft surfaces. Our meetup location is wheelchair accessible

We are a group of likeminded folks who enjoy being outside and taking care of our environment. Every Earth Month we host trash walks in a local park because this is closely aligned with our values - and it's a lot of fun too!

**START: RITCHIE HALL (7727 98 Street)
END: RICKY'S GRILL (9555 82 Avenue)**
